Dear colleagues,

By this we would like to inform you about the receipt of the additional information on the route of the Nord Stream Gas Pipeline.

This information was put on the official web-site of the Ministry of Natural Resources of the Russian Federation on 15 December 2008.

At present the Ministry has not received any comments or suggestions regarding the above mentioned additional materials.

Please be informed that from our side we are pleased to confirm the interest to further participation in the EIA of the Nord Stream project and on the comments' absence regarding the additional materials about the route of the Nord Stream Gas Pipeline at present.

Best regards,

E. Gorshkov, RF Focal Point for the Espo Convention
